Prevent Initial Infestation In Your Mattress Base (Box Spring)

At least 70% of bed bugs colonize the mattress and infrastructure of the box springs. If there is an infestation, our encasement eliminates the opportunity for bed bugs to find a home.

Total Mattress Encasement with our patent pending "Zipper with the *Hook*". Certified to protect against bed bugs.

Features:

- Durable stretch-knit fabric
- Fire Retardant
- Bed Bug Certified
- Impermeable to Dust Mites, Bed Bugs, Mould and Bacteria
- Stretches to fit mattress Base (box spring) depths up to 22.9cm

Sizes:

- Single (XL Twin) 99 x 203cm
- Double (XL Full) 137 x 203cm
- Queen 152 x 203cm
- King 198 x 203cm

Total bed base encasements with patent pending zip locking system. 100% effective in preventing dust mites, bed bugs, bacteria and allergens from breeding in your bed base which are the major cause of asthma and eczema.

Features:

- Machine washable on hot, tumble dry medium.
- Perfect solution for incontinence sufferers.
- Can be used on all bed bases including inner spring and latex.
- Protects bed base from stains including accidental spills, perspiration and body fluids.

Pillow encasements

Zippered Pillow Encasement. Now you can "sleep safe" knowing that your pillow is safe from mould, stains, bacteria, and dust mite allergen, as unprotected pillows increase 10% in their weight from these elements in just 2 years.

Features:

- Waterproof
- Breathable
- Non-Allergenic
- Fire Retardant
- Impermeable to Dust Mites, Mould, and Bacteria.

Washing & drying instructions

- Machine-wash in hot water
- Do NOT dry clean
- Close zippers for washing
- Tumble dry on a medium heat
- Be careful when drying to prevent blistering of the lining
- Do NOT iron
- Do NOT use any bleach, bleach alternatives or non-chlorine bleach in the detergent, as this will destroy the polyurethane lining

Warranty:

All products come with a 2-year manufacturer's warranty against defects in workmanship or materials only.
